

DESCRIPTION

Enviro-Terra™ RustCrete is a true breakthrough cleaner. With a pH of less than 1, this concrete rust remover has the performance of an acid, yet it is safe and mild to skin like a liquid dish soap.

Removes rust stains from concrete to restore the surface to like-new. The thickened formulation enhances dwell time and performance, and works on new and old, light and heavy, stains. Also effective on rust stains on other surfaces, including metal, porcelain, fiberglass, and brick. Nonflammable and biodegradable. Ships DOT non hazardous.

WARNING

Irritant. Harmful if swallowed. Avoid contact with eyes. Do not take internally.

FIRST AID:

IF IN EYES: Flush eyes and under eyelids with plenty of cool water for at least 15 minutes, holding eyelids open during flushing. Obtain immediate medical attention.

IF ON SKIN: Immediately flush with soap and water. Remove contaminated clothing and launder separately before reuse. If irritation persists, obtain medical attention.

IF SWALLOWED: Do not induce vomiting. If conscious, give 3-4 glasses of water to dilute. Contact physician or poison control center immediately.

IF INHALED: Remove person to fresh air. If breathing has stopped administer artificial respiration. If breathing is difficult, give oxygen and obtain medical attention.

See M.S.D.S. for complete safety information.

KEEP OUT OF REACH OF CHILDREN

HANDLING AND STORAGE: Keep container tightly closed when not in use. Avoid excess heat and open flame. Do not store in unmarked containers. Rinse thoroughly with water before recycling container.

DIRECTIONS

Dilute up to 1:1 for light rust stains, and undiluted for heavy stains.

Apply directly to stained surface. Allow dwell time for most stains. Agitation may be required for heavy stains. No need to rinse concrete surface after treatment. Rinse any metal surfaces that may have been treated. Treat original source of rusting with a rust converter to prevent future staining.

Etching may occur on some surfaces. Always test in an inconspicuous area before use. Not for use on marble.

This Product Contains/CAS #: Organic Acid Salt/506-89-8; Water/7732-18-5; Xanthan Gum/11138-66-2; Surfactant Blend/Proprietary.
