

# Floating Lift Station Degreaser

#381

*Degreases and Covers Odors with 100% d-Limonene*

A highly-effective and all-natural solution for covering offensive odors and eliminating grease accumulation in lift stations. Made with 100% d-Limonene, this product uses a non-emulsifying formula so that it floats on the surface of water to block offensive odors. As water levels rise and fall, it coats all lift station surfaces and removes heavy grease deposits from lift station walls. Red dye indicates when additional product should be added. Biodegradable formula will not interfere with the biological digestion of existing bacteria.

## Features and Benefits

- Contains 100% natural d-Limonene to dissolve greases and deposits
- Floating formula acts as an "odor barrier" to lift stations to block offensive odors
- Red indicator dye indicates when additional product should be added to maintain efficacy
- Will not harm bacterial action in sewage treatment plants

## Properties

Appearance:	Red/orange liquid
Fragrance:	Citrus
Flash Point:	115° F
Storage (at 70° F)	Indefinite
Solubility:	Insoluble
VOC Content:	>90%
Petroleum Solvents:	None
Biodegradable:	Yes
d-Limonene Content:	>99%

## Directions

Complete directions on product label  
Pour approximately ½ gallon for each square foot of water surface directly into lift station.

For circular lift stations, calculate the square feet of water surface using this formula:  
 $3.1415 \times r^2 = \text{surface area}$   
r = radius in feet.

## Active Ingredients

d-Limonene:
Red Dye:
Yellow Dye:

## CAS Number

5989-27-5
842-07-9
85-83-6

## Safety

Caution: Combustible. May be harmful if swallowed. May irritate eyes and skin. Keep out of the reach of children.

## DOT Shipping (Ground Transportation)
