

# dB SOLVENT WATER-BASED ALKALINE

Product # 432

## *Water-based alkaline industrial cleaner/degreaser*

A unique blend of natural solvents and fast-acting glycol ethers, this product penetrate the heaviest grease accumulations instantly. A safe alternative to petroleum-distillate formulas can be used for all water-washable surfaces.

### Use on:

- Machinery
- Equipment
- Metal
- Painted surfaces

### Effective Against

- Heavy grease and oil deposits

### Features and Benefits

- Safe alternative to petroleum distillates and chlorinated solvents
- Penetrates even the heaviest grease accumulations
- Designed for heavy to medium duty degreasing on machinery and equipment

### Properties

|                         |                       |
|-------------------------|-----------------------|
| Appearance.....         | Yellow liquid         |
| Fragrance .....         | Detergent             |
| Concentrate.....        | Yes                   |
| Specific gravity.....   | 0.997                 |
| Flash point .....       | 124 °F                |
| pH .....                | 12.75-13.75           |
| Protect from.....       | Freezing temperatures |
| VOC content.....        | 21.1                  |
| d-Limonene content..... | 10%                   |

### Directions

For general cleaning: Dilute 1 part cleaner with 60 parts water.  
For heavy duty cleaning: Dilute 1 part cleaner with 10 parts water.

### Active Ingredients

|                                           |       |
