

ULTRA LIVE MICRO CONCENTRATE

Product # 536

Destroys and controls odors the natural way

This unique product is designed to be easily blended into a highly concentrated suspension of bacterial spores. No special equipment, complicated multi-ingredient additions or extensive mixing times required. The diluted product provides an attractive alternative to costly deodorants and ineffective odor-masking agents. These special bacterial cultures do more than just cover odors – they eliminate the source of the odor. Natural enzyme-producing bacteria consume organic waste to eliminate malodors. They consume organic matter on most kitchen and bathroom surfaces.

Same Great Formula As Live Micro #535, Only Concentrated:

- Hospitals
- Apartments
- Rugs
- Bathroom sinks
- Dishwasher
- Bar sinks drains
- Porcelain
- Restaurants
- Kennels

- Vinyl
- Painted surfaces

Effective Against

- Surface odors
- Urine and feces
- Grease and oils
- Organic spills
- Food
- Vomit

Features and Benefits

- Five gallons of Concentrate to 50 gallons of water creates 55 gallons of Live Micro 535.
- Bacteria eliminate the source of malodors by breaking down and digesting organic waste.
- Effective odor control on hard surfaces and carpeting.
- Contains both anaerobic (can live in airless environments) and facultative (can live with or without oxygen) bacteria.
- Purchase the Ultra Blend Center (9137 One button dispenser, and 9138 for the Three Button dispenser) for a wall-mounted automated mixing dispenser for easy dilutions.

Properties

| | |
|---------------------------|------------------------|
| Appearance..... | White liquid |
| Fragrance | Pleasant |
| Colony count | 800 Million/milliliter |
| Environmentally safe | Yes |
| Non-corrosive..... | Yes |
| Non-Toxic..... | Yes |
| pH 70°C | 6.0-7.5 |

Directions:

Complete directions on product label
Dilute 5 gallons of Ultra Concentrate with 50 gallons of water to produce 55 gallons of Live Micro 535.
Use this dilution as follows:
Surface odors: Dilute 1:1 with tap water and spray or mist area to wet surface. Allow product to work to eliminate odors.
Carpets and Upholstery: Dilute 1:1 with tap water and wet fibers. Brush into material. Lay damp cloth over area and keep moist for 24 hours.
Plumbing: Pour 2-8 ounces down drain weekly at the end of the day to maintain free flowing drains.

Safety

Caution: May irritate eyes and skin. Keep out of reach of children.

Active Ingredients

| | |
|--------------------------------------|---------------|
| Water | 7732-18-5 |
| Bacillus genus..... | No CAS number |
| Poly (oxyethylene) nonylphenol | 9016-45-9 |
| Propylene Glycol | 57-55-6 |
