Product # 543

## Complete grease trap maintenance system

A powerful digestant containing special enzymes that immediately break down starch and complex carbohydrates to energize the bacterial replication of our five distinct bacterial strains. Unlike detergents that simply push grease into sewer lines, these bacterial strains work together to quickly and naturally degrade organic waste. This process not only eliminates greasy accumulations, but also helps eliminate obnoxious odors at the molecular level while a pleasant fragrance keeps traps and plumbing lines smelling fresh.

### Grease Trap Maintenance System Is Effective Against

- Odors
- Urine and feces
- Soap build-up
- Organic spills
- Mold and mildew
- Hard water stains

### Features and Benefits

- Extends the time between grease trap pump-outs
- Eliminates obnoxious odors and replaces them with a fresh pleasant fragrance
- Bacteria eliminate the source of malodors by breaking down and digesting organic waste
- Special enzymes rapidly break down starch and complex carbohydrates
- Special composition of bacterial spores can resist chlorine, disinfectants and high water temperatures
- Five gallon pails easily attach to the Battery Operated Pump Dispenser - product #9153

### Properties

Appearance.....	Blue-Green Liquid
Fragrance .....	Pleasant
Colony count .....	100 Million/milliliter
Ready-to-use .....	Yes
Environmentally Safe ...	Yes
Non-Corrosive.....	Yes
Non-Toxic.....	Yes
pH 70°C .....	6.0-8.0
Biodegradable .....	100%
Salmonella free .....	Yes
Chlorinated Solvents ....	None

### Directions: Complete directions on product label

**Restaurants open 24 hours:** Pour drip or pump product directly into drains during low flow periods. Usually during the day after lunch, and between midnight and 6 am.

**Restaurants open for Lunch and dinner only:** Drip, pour or pump into drains between midnight and 6 am.

**For sinks and floor drains:** 2-6 ounces per week or 4-12 ounces bi-weekly during low flow periods.

Grease Trap Capacity	Dosage	Intervals between 5 Gal pail changes.
100-250 gal	21 oz	30 days
250-500 gal	42 oz	15 days
500-750 gal	64 oz	10 days
750-1000 gal.	86 oz	7 days

### Active Ingredients

Water .....	7732-18-5
Bacillus genus.....	68038-68-6
Sodium Alkyl Ether Sulfate .....	68585-34-2

### CAS Number

### Safety

Caution: May irritate eyes and skin. Keep out of reach of children.
