

Demise Fire Ant & Insect Dehydrator Product # 604

Fire ant and insect killer

This powdered insecticide saps the life out of fire ants and other insects by literally draining them of their moisture. Just sprinkle some powder on or around ant hills and other entrances, then as soon as they track through it, the active ingredient silicon dioxide immediately begins to "suck" valuable moisture from their bodies. Best of all, if the insects are able to crawl back into the nest, the powder continues to cling to their bodies and contaminates the rest of the colony.

Use in:

- Hospitals
- Restaurants
- Food/Feed processing plants
- Floor drains
- Garages
- Warehouses
- Schools
- Milking areas
- Locker rooms
- Mop Closets
- Bakeries
- Supermarkets
