

DESCRIPTION

This powdered detergent contains a balanced blend of special surfactants, builders, and citrus extracts to quickly strip grease, oil, dirt, grime and other deposits from concrete floors and other washable surfaces. This formula is safe to use on most surfaces including wood, plastic, metal and painted surfaces.

CAUTION

May be harmful if swallowed. May cause eye and skin irritation. Do not take internally. Avoid contact with eyes, skin and clothing. Wash thoroughly after handling.

FIRST AID:

IF IN EYES: Flush eyes and under eyelids for at least 15 minutes. If discomfort persists, see a physician.

IF ON SKIN: Wash with soap and water. Remove contaminated clothing and launder before reuse. If irritation is persistent, contact a physician.

IF SWALLOWED: Contact physician or poison control center immediately. Give affected person 1 to 2 glasses of water.

IF INHALED: Move person to fresh air. Obtain medical attention if symptoms of allergic reaction appear within 12 hours.

See *M.S.D.S.* for complete safety information.

KEEP OUT OF REACH OF CHILDREN

HANDLING & STORAGE: Keep container tightly closed when not in use. Do not store in unmarked containers. Do not mix with any other chemicals. Store container in cool, dry place. Keep away from acids and strong oxidizing agents.

DIRECTIONS

FOR LIGHT CLEANING: Use 16-32 ounces (2-4 cups) of detergent per 5 gallons of water. Difficult soils may require a stronger solution. Swab onto surface and allow to penetrate for 5-10 minutes, scrubbing with a bristled broom to agitate the soil. Rinse thoroughly with clean water. Use with caution on finished floors, as some floor finishes are not detergent resistant and may be removed by this cleaner.

TO CLEAN CONCRETE: For heavy grime and severe oil staining, wet floor with clean water, then sprinkle detergent powder directly onto soiled areas. Scrub with stiff broom, and allow to penetrate until deposits are loosened. Rinse floor with clean water.

FOR GENERAL CLEANING: Use 4-16 ounces (1/2-2 cups) of detergent per 5 gallons of water. Sponge, mop, or spray solution onto surfaces to be cleaned, and agitate if necessary to remove soil. Use with caution on finished floors, as some floor finishes are not detergent resistant and may be removed by this cleaner.

FOR SOAK TANK DEGREASING: Use up to 1/2 pound per gallon of water. Hot water will provide optimum cleaning conditions. Cleaning will be faster in agitated tanks and when fresh solutions are used. Dry all cleaned parts to prevent flash rusting.

This Product Contains/CAS Number: Sodium Carbonate/497-19-8; Sodium Sulfate/7757-82-6; Sodium Tripolyphosphate/7758-29-4; Sodium Metasilicate/6834-92-0; Trisodium Phosphate/10101-89-0; d-Limonene/5989-27-5.
