

DESCRIPTION

This product is a versatile oxygen-based powdered cleaner that cleans virtually any surface, removes deep, set-in stains and completely eliminates harsh, foul odors.

An extremely powerful cleaner, this product is also very gentle and can be used on almost any water-washable surface including fabrics, plastics, fiberglass, porcelain, ceramics, wood, concrete, glass, carpet, canvas, rubber and metal.

NOTE: Test in an inconspicuous area for colorfastness, allowing product to dry. Do not leave a diluted solution in a sealed container for a long time, as the solution continues to give off oxygen causing the container to leak. Do not use on silk, wool or leather. Do not mix with bleach.

WARNING

Causes severe eye damage. May irritate skin. Avoid contact with eyes and prolonged contact with skin.

FIRST AID:

IF SWALLOWED: Contact a physician or poison control center immediately. DO NOT induce vomiting.

IF IN EYES: Flush eyes with water for at least 15 minutes. If irritation is persistent, contact a physician.

IF ON SKIN: Wash skin with soap and water. Remove all contaminated clothing and launder separately before reuse. If irritation is persistent, contact a physician.

IF INHALED: Move person to fresh air. If irritation is persistent, contact a physician.

See M.S.D.S. for complete safety information.
