

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
CAUTION

Harmful if absorbed through skin. Avoid contact with eyes, skin, or clothing.

Personal Protective Equipment (PPE):

Some materials that are chemical-resistant to this product are barrier laminate, nitrile or neoprene rubber, or viton. If you want more options, follow the instructions for category E on an EPA chemical-resistance category selection chart.

Applicators and other handlers must wear: long-sleeved shirt and long pants, shoes and socks, and chemical-resistant gloves made of barrier laminate, nitrile or neoprene rubber, or viton.

Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions for washables exist, use detergent and hot water. Keep and wash PPE separately from other laundry.

USER SAFETY RECOMMENDATIONS

User should wash hands before eating, drinking, chewing gum, tobacco use, or using the toilet.

User should remove clothing/PPE immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing. If pesticide gets on skin, wash immediately with soap and water.

Users should remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.

FIRST AID

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

IF SWALLOWED: Immediately call a poison control center or doctor. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give any liquids to the person. Do not give anything by mouth to an unconscious person.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For information on this pesticide (including health concerns, medical emergencies, or pesticide incidents), call the National Pesticide Information Center at 1-800-858-7378. For information on product, usage, etc., call 1-800-743-6417.

NOTE TO PHYSICIAN: May pose an aspiration pneumonia hazard. Contains petroleum distillate.

PHYSICAL OR CHEMICAL HAZARDS

FLAMMABLE: Contents under pressure. Keep away from heat, sparks, and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130° F may cause bursting.

ENVIRONMENTAL HAZARDS

This pesticide may be toxic to fish and aquatic invertebrates. Do not apply directly to water, to areas where surface water is present, or to intertidal areas below the mean high water mark. Drift and runoff may be hazardous to aquatic organisms in water adjacent to treated areas. Do not contaminate water when disposing of equipment wash waters or rinsate.

2,4-D has properties and characteristics associated with chemicals detected in groundwater. The use of 2,4-D in areas where soils are permeable, particularly where the water table is shallow, may result in groundwater contamination. Application around a cistern or well may result in contamination of drinking water or groundwater.

TOTAL SOLUTIONS™

BARREN AEROSOL

NON-SELECTIVE
PERSISTENT GENERAL
HERBICIDE FOR USE
WHERE CONTROL OF ALL
VEGETATION IS DESIRED

• RAPID TOP KILL-SYSTEMIC
HERBICIDE

• READY-TO-USE

• SOIL STERILANT

ACTIVE INGREDIENTS:

Isooctyl: (2-Ethylhexyl ester) of
2,4-Dichlorophenoxyacetic acid.....1.09%
Bromacil (5-Bromo-3-sec-butyl-
6-methyluracil).....0.98%
INERT INGREDIENTS:97.93%
TOTAL100.00%

2,4-dichlorophenoxyacetic acid equivalent 0.63%
Isomer specific AOAC Method No. 6. DO 1-5.
Contains petroleum distillates, xylene, or xylene range aromatic solvent.

KEEP OUT OF REACH OF CHILDREN CAUTION

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its label. READ ENTIRE LABEL BEFORE USING THIS PRODUCT. USE STRICTLY IN ACCORDANCE WITH LABEL PRECAUTIONARY STATEMENTS AND DIRECTIONS.

Not to be used in any recreational areas or in or around homes. Recommended for use on non-crop areas such as fence rows, parking lots, around buildings, loading ramps, storage yards, tank farms, along pipelines, industrial plant sites and other similar areas where grasses and weeds interfere with drainage, create a fire hazard or cause unsightly appearances.

This liquid weed killer is composed of 5-bromo-3-sec-butyl-6-methyluracil (Bromacil) and low volatile 2,4-D Ester. The low volume oil carrier provides rapid penetration and translocation in the plant. The insolubility of the herbicide in water assures full effect regardless of rainfall after application or stage of growth at time of application.

This weed killer may be applied at any time of the year except when the ground is frozen. Best results are obtained after predominant weeds have emerged and developed to a point where they present a problem. Reapplication of product will depend on amount of product applied, soil conditions, rainfall and other environmental variables. Only spray while can is inverted.

Remove cap. Invert the can and point tip at weed(s) to be sprayed. Depress button and spray weed(s) thoroughly. Be sure to completely cover the weed(s). Keep can close to weed(s) (1-2 feet) while spraying. Keep spray away from face.

Application Restrictions: Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application.

Postemergence (annual & perennial weeds): Limited to 2 applications per year. Maximum of 2.0 lbs. 2,4-D ae/acre per application. Minimum of 30 days between applications. Application to non-cropland areas are not applicable, to treatment of commercial timber or other plants being grown for sale or other commercial use, or for commercial seed production, or for research purposes.

Entry Restrictions: Do not enter or allow people (or pets) to enter the treated areas until sprays have dried.

Prohibited for aerial applications.

USE PRECAUTIONS

IMPORTANT: Do not use this product for controlling weeds on lawns, in flower or vegetation beds or around shrubs or ornamental plantings. Do not spray exposed roots of desirable plants or where chemical may be carried into contact with roots or vegetation. Product may stain surfaces (e.g. concrete, asphalt, tennis courts). Spray when air is calm to avoid spray drift that might injure desirable ornamental plants.

NOTICE: Buyer assumes all risks of use, storage and handling this product not in strict accordance with directions given herewith.

STORAGE AND DISPOSAL

Do Not Contaminate Water, Food, or Feed By Storage or Disposal.

Pesticide Storage: Store in a dry place no lower in temperature than 50° F or higher than 120° F.

Container Disposal: Do Not Puncture or Incinerate! Nonrefillable container. Do not reuse or refill this container. If empty: Place in trash or offer for recycling, if available. If partly filled: Call your local solid waste agency for disposal instructions.
